## Laptop Policy

### 1.0 Purpose

Laptop computers provide important functionality, allowing employees to have their computing resource at hand in meetings/workplace, and those who travel on business to be maximally functional and productive while away.

### 2.0 Scope

These procedures apply to all employees who use Company owned laptop. These individuals are hereinafter referred to as "caretakers". Each caretaker of a Company-owned laptop is responsible for the security of that laptop, regardless of whether the laptop is used in the office, at one's place of residence, or in any other location such as a hotel, conference room, car or airport.

### 3.0 Procedures

#### 3.1 Requesting for a Laptop

Every employee who wishes to use the Laptop should request for the same and get the approval from the Department Head except those to whom the laptop is given on joining based on their Grade and designation. The IT Head, in turn, with the help of IT team will check the availability of Laptop and basing on the requirement of the user would release the Laptop for the employee use.

#### 3.2 Registering a Laptop

Every laptop must have a caretaker. Each department that has a laptop(s) must have a sign out sheet indicating that has the laptop, the make, and model and inventory number. This information should be sent to IT team each time there is a change of the caretaker.

#### 3.3 Laptops in Corporate Office

Laptops must be secured in a locked drawer when not in use, i.e. when you are not taking your laptop home or will be out of the office for a while.

#### 3.4 Laptops Out of Corporate Office

When a caretaker takes the laptop out of his/her office, s/he is expected to keep the laptop in hand or sight, or in a secure and locked location, at all times. It is the total responsibility of the caretaker to handle the Laptop.

During the period, when the caretaker carries the Laptop with them the same should not be misused for the purpose of transferring the data on to other storage devices. If any caretaker were found malpractice, s/he would be liable for disciplinary action from the organization.
